The DP acknowledges and agrees that approval by the Owner in no way relieves the DP of responsibility for the Design Documents. The DP, Contractor (if any) and the Owner will cooperate in the resolution of such matters so as to minimize any detrimental impact upon the Project. This indemnity includes any claim or amount arising out of or recovered under the Workers’ Compensation Law or arising out of the failure of such DP or contractor to conform to any federal, state or local law, statute, ordinance, rule, regulation or court decree. It is agreed that DP will be responsible for primary loss investigation, defense and judgment costs where this indemnification is applicable. In consideration of the award of this Agreement, the DP agrees to waive all rights of subrogation against the State of Arizona, the Arizona Board of Regents, Arizona State University, and their officers, officials, agents and employees for losses arising from the Work performed by the DP for the State of Arizona.

7.14.1 DP shall defend any action or proceeding brought against Owner based on any assertion or claim that the Construction Documents, any services provided by the DP, or any part thereof, constitutes infringement of any third party proprietary rights, trademark, patent or copyright, now or hereafter issued (“Proprietary Rights”). Owner agrees to give prompt notice in writing to DP of any such action or proceeding and to provide authority, information and assistance in the defense of same. DP shall defend with counsel selected by Owner, indemnify and hold harmless Owner from and against all damages and costs, including attorney’s fees, awarded against Owner or DP in any such action or proceeding. DP further agrees to keep Owner informed of all developments in the defense of such actions or proceedings.

7.14.2 In the event that Owner is enjoined from use of the Construction Documents, DP services, or any part thereof in connection with any claim of infringed Proprietary Rights, DP shall at its sole expense take reasonable steps to procure the right or license to operate or use same. If DP cannot so procure the aforesaid right within a reasonable time, DP shall then, promptly, at DP’s option and at DP’s expense and in consultation with Owner (a) modify the Construction Documents, or DP services, so to avoid infringement of any Proprietary Rights; or (b) replace said Construction Documents or DP Services, or any part thereof with work that does not infringe or violate any such Proprietary Rights.

7.14.3 Sections 7.14.1 and 7.14.2 above shall not be applicable to any action or proceeding based on infringement or violation of a Proprietary Right (a) relating solely to a particular process or the product of a particular manufacturer specified by Owner and such processes or products are something other than that which has been offered or recommended by DP to Owner; or (b) arising from modifications to the Work by Owner or its agents after acceptance of the Work.

7.14.4 In addition to the other obligations of DP under this section 7.14, DP will be responsible for delays and for increases in the cost of the Work associated with or arising out of any claim of infringed proprietary rights.

Article 8 Ownership of Documents

8.1 The plans, drawings, specifications, notes, reports, renderings, final models, design concepts and images, and all other documents and items to be prepared and furnished by the DP pursuant to this Agreement shall be the property of the Owner, including the right to use same on Owner's other projects without additional cost to the Owner. The DP shall maintain for its file copies of those documents, drawings and/or other products required by law or the standards of professional practices.

8.2 In the case of reuse of the Construction documents by the Owner, the DP's name and seal shall be removed, and the DP shall not be liable to the Owner or third parties in their reuse.

8.3 By execution of this Agreement, the DP transfers all copyright, ownership, and other intellectual property interest in the Construction Documents and the completed Project to the Owner and further agrees to execute any separate assignment agreement necessary to implement such transfer.

Article 9 No Assignments

9.1 The DP shall not assign, sublet or delegate his obligations under this Agreement without the prior written consent of the Owner and the Owner may withhold such consent for any reason.

Article 10 Requests for Contractual Adjustments and Dispute Resolution

10.1 Dispute Avoidance and Resolution.

10.1.1 The parties are fully committed to interacting and working with each other through the course of the Project, and agree to communicate regularly with each other at all times, including attending weekly on-site design and construction status meetings, so as to avoid, eliminate, or minimize any disputes, disagreements, claims, or controversies relating to the Project, (hereinafter "Disputes"). To the extent Disputes arise during the course of the Project that are not otherwise resolved by applicable portions of this Agreement, both DP and Owner agree to timely resolving such Disputes in an amicable, professional, and expeditious manner at the lowest possible level so as to avoid unnecessary costs, delays, and disruptions to the Work. To this end, the DP's Representative shall refer the Dispute to the Owner's Representative by written notice of same, not more than seven (7) calendar days from the occurrence of the event which gives rise to the Dispute, or not more than seven (7) calendar days from the date that the DP knew or should have known of the matter.

10.1.2 In the event a Dispute cannot be resolved through DP's Representative and Owner's Representative in accordance with Section 10.1.1, the DP's Senior Representative and Owner's Senior Representative shall meet within 48 hours of such field level failure to attempt to resolve the Dispute. The parties agree that prior to any meetings between the Senior Representatives, they will timely exchange with each other all relevant documents and information that will assist the Senior Representatives in resolving the Dispute. The Senior Representatives shall have seven (7) calendar days from the time they first met to resolve the Dispute. If the Senior Representatives, after meeting in good faith, determine that the Dispute cannot be resolved by them on terms satisfactory to both parties, the parties agree that the sole remedy for DP to pursue the Dispute is to submit the Dispute to Owner in accordance with the applicable provisions of the Arizona Board of Regents' Policy Section 3-809.

10.1.3 The parties understand and agree that the process set forth in Section 10.1, 10.2, and in ABOR Policy Section 3-809, provide the sole and exclusive remedy to resolve a Dispute. The Parties further understand and agree that asserting the Dispute in accordance with Section 10.1.1 and 10.1.2 is integral and essential to the Parties' ability to perform their obligations under this Agreement. Failure to properly utilize the procedures in Section 10.1.1 and 10.1.2 exposes the non-utilizing party to damages which are difficult to accurately quantify and ascertain. The Parties agree that failure to properly utilize the procedures in Section 10.1.1 and 10.1.2 will require the non-utilizing party to pay the other party **Ten Thousand and 00/100 Dollars (\$10,000.00)** as liquidated damages, and not as a penalty. The damages awarded pursuant to this section shall be in addition to and not in lieu of other damages provided for under this Agreement.

10.2 Administrative Process.

10.2.1 DP and Owner agree that all other parties involved in the Project, including but not limited to the Contractor, can be made parties to the administrative process called for by Section 3-809 and to this end, both DP and Owner will include appropriate provisions in all contracts they execute with other parties in connection with the Project requiring attendance and participation by those other parties in any such administrative proceeding.

10.2.2 Unless otherwise agreed in writing, the DP shall carry on the Work and maintain its progress during the course of any unresolved Dispute, and the Owner shall continue to make payments as they fall due to the DP in accordance with the Contract Documents.

10.3 Decisions of Owner.

Any failure of the Owner to make a decision within the time limits set forth herein shall not be construed as acquiescence in all or any part of the DP's claim for relief.

Article 11 Termination or Suspension

11.1 The Owner may suspend or terminate the Project at any time, for any reason, for the convenience of the Owner. Upon written notice of suspension or termination the DP shall immediately cease all Work and not incur any further costs or expenses except as expressly permitted by the Owner in writing. If the Project is suspended for more than one calendar year through no fault of the DP, the DP shall be paid for Work actually performed and this Agreement shall terminate. Otherwise, the DP shall recommence work upon written notice from the Owner and this Agreement shall remain in full force and effect.

11.2 The Owner may terminate this Agreement without penalty or further obligation pursuant to A.R.S. § 38-511 if any person significantly involved in initiating, negotiating, securing, drafting or creating the Agreement on behalf of the Owner is or becomes, at any time while the Agreement or any extension of the Agreement is in effect, an employee of or Subconsultant to the DP with respect to the subject matter of the Agreement. Such termination shall be effective when written notice from the Owner is received by the DP, unless the notice specifies a later time.

11.3 If Owner's performance under this Agreement or funds available for this Project and/or Work are dependent upon (i) the appropriation or allocation of funds by the Arizona Legislature, and if the Legislature fails to appropriate or allot funds necessary for performance of the Project

and/or Work, (ii) the sale of bonds or other similar instruments, and if such bonds or other instruments are not sold or proceeds are not available, or (iii) third party gifts, donations or grants, and if such gifts, donations or grants are not received in whole or in part by Owner; then Owner may provide notice of this to the DP, and either a) cancel this Agreement without further obligation of Owner except as set forth at the end of this paragraph, or b) delay the Project and/or Work for a period of up to six (6) months (without cost to the Owner), after which date if no such funds are legally available for performance of this Agreement, Owner may cancel this Agreement without further obligation of Owner, except as set forth at the end of this paragraph. If cancellation occurs, Owner shall reimburse DP for all services authorized and rendered prior to lack of funds.

11.4 The Owner may, by written notice to the DP, terminate this Agreement if it is found by the Owner that improper gratuities, in the form of entertainment, gifts or otherwise, were offered or given by the DP or any agent or representative of the DP to any officer or employee of the State of Arizona, the Arizona Board of Regents, or Arizona State University.

11.5 In the event of termination which is not the fault of the DP, the Owner shall pay to the DP only the compensation properly due for services properly performed on the Project and accepted by the Owner prior to the termination date and Reimbursable Expenses incurred as provided hereunder. Any post-termination wrap-up costs must be approved by the Owner in writing in advance of their commitment or expenditure or DP specifically waives all rights to claim such post-termination costs not pre-approved hereunder.

11.6 This Agreement may be terminated by either party for default upon the defaulting party's failure to cure a material breach within seven (7) days after written notice by the non-defaulting party specifying the nature of the default.

11.7 At or prior to the Termination Date, all Drawings, Specifications, and other design, bidding or construction administration documents then available shall be provided by the DP to the Owner.

Article 12 Extent of Agreement

12.1 This Agreement constitutes the complete and integrated agreement between the Owner and the DP, and it supersedes all prior negotiations, representations or agreements, either written or oral. This Agreement may be amended only by written instrument signed by a duly authorized representative of both parties.

Article 13 Compensation for the DP's Services

13.1 Payment for Professional Services and Reimbursable Expenses.

13.1.1 Payments for Professional Services and Reimbursable Expenses shall be as permitted in each Project Authorization per Project Scope. Payments to DP by Owner shall be made monthly to DP, within thirty (30) days after the Owner receives the DP's properly itemized invoice for Professional Services and Reimbursable Expenses in such form and accompanied by such supporting documentation as Owner may direct. If the Owner determines that any amounts requested by the DP are not due or are not sufficiently documented, the Owner will furnish the DP with notice of the reasons for withholding payment along with the Owner's payment on account of the balance of the statement. Amounts withheld will be paid upon proper resubmission.

13.1.1.1 All invoices must be submitted to ASU as per the direction provided on the Purchase Order. All charges must be detailed on the invoice. Additionally, all charges

must have appropriate back-up documentation, including but not limited to, completed deliverables, sub-consultant invoices, receipts for reimbursables, and hourly labor rate breakouts.

13.1.2 When DP's Basic Compensation is based on a stipulated sum, the payments for Professional Services shall be allocated to each phase or subphase in accordance with Contract Time and as determined in the Project Authorization.

13.1.3 When any part of the Project is deleted or otherwise not constructed, compensation for such portions of the Project shall be payable to the extent services are performed on such portions.

13.1.4 If and to the extent that the time initially established for completion of the Construction Administration Subphase of the Project is exceeded or extended beyond the established completion date through no fault of the DP as determined by the Owner, compensation for Professional Services required for such extended period of administration of the Contractor Construction Agreement shall be computed and paid as established in the Project Authorization.

13.1.5 DP shall pay to each of its Subconsultants within thirty (30) days of receipt of its monthly payment from Owner, that amount properly due and payable to said Subconsultant for services performed within the payment period. DP shall, by an appropriate agreement with each of its Subconsultants, require each such Subconsultant to make payments to its Sub-subconsultants in a similar manner. No markups shall be allowed with respect to Subconsultants without Owner's prior written approval. Upon request of the Owner, DP shall furnish documentary evidence of compliance with these payment provisions.

Article 14 Project-Specific Provisions

14.1 Any additional provisions to the foregoing for this Project shall be established by Project Authorization(s) or Project Authorization Revision(s).

Article 15 Compliance and Legal Worker Requirements

15.1 Compliance.

15.1.1 The parties shall comply with all applicable state and federal statutes and regulations governing equal employment opportunity, non-discrimination, and immigration. In addition, the DP agrees to actively recruit in accordance with any affirmative action programs applicable to DP. The aforesaid provisions shall include, but not be limited to the following: employment, upgrading, demotion or transfer, recruitment or recruitment advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship. The DP shall post in conspicuous places, available for employees and applicants for employment, notices setting forth the provisions of this non-discrimination clause and shall insert this provision in all subcontracts hereunder, except subcontracts for standard commercial supplies or raw materials.

15.1.2 This contractor and subcontractor shall abide by the requirements of 41 CFR § 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, or national origin. Moreover, these regulations require that covered prime

contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, national origin, protected veteran status or disability.

15.2 Legal Worker Requirements.

15.2.1 The DP warrants that it is in compliance with all federal immigration laws and regulations that relate to its employees. Pursuant to Arizona Revised Statutes § 41-4401, the DP warrants that it is in compliance with the state law requirement that employers in Arizona verify the employment eligibility of employees, hired after December 31, 2007, through the E-verify program or any successor program. DP shall be responsible for all costs associated with compliance with such programs. DP shall flow-down each of the warranty requirements of this Article to all Subconsultants, and the DP shall require each Subconsultant to warrant compliance with the provisions of this Article. This Article is not applicable where the Contractor is a governmental entity nor is the DP required to pass this provision through to Subconsultants and sub-subconsultants who are governmental entities.

15.2.2 A breach of any of the warranties required under this Article shall be deemed a material breach of this Agreement subject to penalties, including termination for cause.

15.2.3 In addition to other audit provisions contained in this Agreement, the Owner retains the right to audit and inspect the papers of any DP or Subconsultant's employees who perform services to ensure that the DP or Subconsultant is complying with the warranty requirements of this Article.

Article 16 Miscellaneous

16.1 Payments are owed, were properly submitted and that have not been made to the DP within thirty (30) days of the due date, shall thereafter bear interest at the legal rate prevailing in the State of Arizona, as established at A.R.S. § 44-1201, as amended or superseded from time to time.

16.2 Severability. If any provision or any part of a provision of the Agreement shall be finally determined to be superseded, invalid, illegal, or otherwise unenforceable pursuant to applicable laws by any authority having jurisdiction, such determination shall not impair or otherwise affect the validity, legality, or enforceability of the remaining provision or parts of the provision of the Agreement, which shall remain in full force and effect as if the unenforceable provision or part were deleted.

16.3 Sexual Harassment. The DP shall comply with the Owner's current policy regarding sexual harassment. The Owner prohibits sexual harassment by any person on the Owner's premises or at any Owner-affiliated functions or facilities.

16.4 Conflict of Interest. This Agreement is subject to the provisions of Arizona Revised Statute § 38-511 and the Arizona Board of Regents may, within three years after its execution, cancel this Agreement without penalty or further obligation if any person significantly involved in negotiating, drafting, securing or obtaining this Agreement for or on behalf of the Arizona Board of Regents becomes an employee or agent in any capacity of any other party or a consultant to any other party with reference to the subject matter of this Agreement while the Agreement or any extension hereof is in effect.

16.5 Governing Law. Interpretation of the Agreement and any and all disputes arising under or in connection with this Agreement shall be governed by Arizona Law. No suit or action shall be commenced hereunder by any claimant other than in the Arizona Superior Court in the County where Owner and the Project are located, and only after all contractual and Arizona Board of Regents administrative procedures have been exhausted. By submitting a proposal, DP agrees to be bound by the Arizona Board of Regents' Procurement Code Dispute Resolution Procedures and by execution of the Agreement waives any objections to those procedures.

16.6 Notice. Whenever the Agreement requires that notice be provided to the other party, notice will be deemed to have been validly given (a) if delivered in person to the individual intended to receive such notice; (b) if delivered or sent by registered or certified mail, postage prepaid to the address indicated in the Agreement; (c) if transmitted by facsimile, by the time stated in a machine generated confirmation that notice was received at the number of the intended recipient; or if d) if delivered by other means mutually agreed upon by the parties.

16.7 Headings. The headings used in this Agreement are for ease of reference only and shall not be in any way be construed to limit or alter the meaning of any provision.

16.8 No Waiver. The failure of either DP or Owner to insist, in any one or more instances, on the performance or timely performance of any of the obligations required by this Agreement, shall not be construed as a waiver or relinquishment of such obligation or right with respect to any other performance or obligation

16.9 Assignment of Overcharge Claims. The Owner and DP recognize that in actual economic practice overcharges resulting from antitrust violations are in fact borne by Owner. Therefore, the DP hereby assigns to Owner any and all claims for such overcharges that may vest in DP during performance of the Project and for three (3) years after the final acceptance. The DP in all Subconsultant agreements shall require all Subconsultants to likewise assign claims for overcharges to Owner.

16.10 Binding Effect. The provisions of this Agreement shall be binding upon the parties, their employees, agents, heirs, successors and assigns.

16.11 ASU WEAPONS POLICY. The university prohibits the use, possession, display, or storage of any weapon, explosive device, or fireworks on all land and buildings owned, leased, or under the control of the university or its affiliated or related entities, in all university residential facilities (whether managed by the university or another entity), in all university vehicles, and at all university or university-affiliate sponsored events and activities, except as provided in §12-781 of the Arizona Revised Statutes or unless written permission is given by the ASU Police Department (ASU PD). Notification by vendors to all persons or entities who are employees, officers, subcontractors, consultants, agents, guests, invitees, or licensees of vendor (Vendor Parties) of this policy is a condition and requirement of the contract. Vendor further agrees to enforce this contractual requirement against all Vendor Parties. ASU's policy may be accessed through the following web page: <http://www.asu.edu/aad/manuals/pdp/pdp201-05.html>.

16.12 SUPPLEMENTAL REQUIREMENTS The requirements below apply to ASU's Capital Projects in excess of \$2,000,000.00. The DP will comply with the Owner's following requirements as they apply to the DP and Sub-consultants. DP and Sub-consultants will complete ASU Certification Forms to be submitted with each pay application. DP will work with ASU Construction Purchasing Staff regarding completion of the forms and resolution of any problems.

The requirements for the DP and each Sub-consultant are:

- A.** The Owner, the DP and each Sub-consultant shall include small businesses and disadvantaged business enterprises in the design and engineering of the Project so long as this would result in services that are comparable in quality and would not result in a material increase in the costs of the Project.
- a. A Disadvantaged business is a business that is a Woman Owned Business [WBE], or is a Minority Owned Business [MBE], or is a Handicapped Veteran Owned Business (HV), or is a Disadvantaged/Disabled owned Business [DBE].
- b. A Small Business can either be certified or can self-certify that they either have less than One Hundred (100) employees or were under \$4,000,000 in revenue in the previous year. They can be a Federally Certified Small Business.
- B.** The DP and each Sub-consultant must comply with all state and Federal laws and employees need to be legal Arizona residents. The DP and each Sub-consultant will include in its monthly statement of certification affirmation that they are in compliance. The DP and each Sub-consultant are required to use workers who are legal US and Arizona residents to do the work to the extent persons with the necessary and appropriate skills are reasonably available.
- C.** Health Insurance: The DP and each Sub-consultant are required to provide health insurance for their full-time employees and to make health insurance coverage available to dependents and to employees who are not full-time, but are assigned to the project.

Any failure by DP or a DP Consultant to comply with these requirements in this Section 16 or the applicable Final Plan will be a material breach of the DP Contract Documents, as applicable, and the Owner will have all rights and remedies upon occurrence of a material breach (including, without limitation, termination).

Anything in the DP Contract Documents to the contrary notwithstanding, compliance in full by the DP and each Sub-consultant with the DP Final Plan and the requirements in this Section 16.13 are conditions precedent of:

- a) Each progress payment under the DP Contract Documents, and
b) Final Completion and Final Payment under the DP Contract Documents.

This Section 16.13 is one of provisions that DP and DP are obligated to include in its contracts with DP Consultants, respectively, and that DP Consultants at each level are required to include in their contracts with DP Consultants of the next level.

16.13 AIR POLLUTION EMERGENCY PROCLAMATION In accordance with an executive order titled 'Air Pollution Emergency Proclamation' modified by the Governor of Arizona on July 16, 1996, ASU requests that all products used in the performance of any contract that results from this solicitation be of low- or no-content of reactive organic compounds to the maximum extent possible.

16.14 WASTE CONTAINERS Contractors using waste containers must use and order them through ASU Grounds Maintenance Department. Anytime a waste container is ordered a review will be done at that time to see if a metal recycling container would also be applicable and if so, would be provided to the project at no charge as long as this container is not contaminated with other refuse.

16.15 SUSTAINABILITY ASU Purchasing and Business Services in conjunction with University Sustainability Practices, has implemented Sustainable Purchasing Guidelines for procuring products and services that support and advance ASU's sustainability goals. For more information on these goals: cfo.asu.edu/sustainability for the purpose of judging Sustainability the following description applies:

A process of current or developing business practices and technologies that restore and enhance the environment by supplying products and services that have a lesser or reduced effect on human health and the environment when compared with competing products or services that serve the same purpose. This comparison may consider raw materials acquisition, production, manufacturing, packaging, distribution, reuse, operation, maintenance or disposal of the product or service.

16.16 ASU SUSTAINABLE FACILITY POLICIES ASU has the following environmentally-friendly policies affecting university facilities:

1. All new campus construction will be built to at least the U.S. Green Building Council's LEED Silver standard or equivalent.
2. Adopt an energy-efficient appliance purchasing policy requiring purchase of ENERGY STAR certified products in all areas for which such ratings exist.
3. Begin purchasing or producing at least 15% of the institution's electricity consumption from renewable sources.
4. Adopt measures to reduce waste.

Arizona has three executive orders which provide for the following:

1. Executive Order 2004-28: Implementation of 5% Water Use Reduction Plan. The order required state agencies to reduce water use by 5% between FY 04 and FY 05. This executive order also reiterates HB 2276, which requires state agencies to install, when reasonable to do so, water free urinals when constructing new buildings.
2. Executive Order 2005-05: Implementing Renewable Energy and Energy Efficiency in New State Buildings. Requires that new, state-funded facilities be designed and constructed to derive at least 10% of their energy from renewable resources and; that all new buildings include new energy-efficient standards and; that all new state-funded buildings meet or exceed LEED Silver certification.
3. Executive Order 2007-03: Improving Air Quality. Requires that all state agencies: cease the use of leaf blowers, gasoline powered lawn mowers, and all other pollution causing landscape maintenance equipment; use only low emission gas cans; to require buyers of state agency lands to mitigate pollutants; to mitigate construction pollutants and suppress construction dust; to give incentives to bidders that use equipment retrofitted with diesel retrofit kits, newer clean diesel technologies, biodiesel, or other fuels known to be cleaner than petroleum diesel.

The Arizona Corporation Commission voted Oct. 31, 2006, to require that 15 percent of the state's energy production will come from renewable energy resources by 2025.

16.17 Complete Agreement. This Agreement constitutes the complete and integrated agreement between the Owner and the DP, and it supersedes all prior negotiations, representations or agreements, either written or oral. Each party acknowledges that it has had an opportunity to review this Agreement with counsel and this document shall be construed so as to effectuate the intention of the parties irrespective of who is determined to have been the drafter of the document.

16.18 Time. Time is of the essence with respect to each provision herein.

Agreement entered into as of the date and year first written above.

ATTACHMENT 2 - “AS-BUILT” AND “RECORD DRAWINGS” REQUIREMENTS

“AS-BUILT” AND “RECORD DRAWINGS” REQUIREMENTS FOR ARIZONA STATE UNIVERSITY

The CM@Risk will deliver a complete set of redlined “As-Built” drawings to the DP who shall review them for accuracy and approval.

The DP will use the “As-Built” drawings provided by the CM@Risk to produce and deliver a set of reproducible Project “Record Drawings” to Arizona State University.

The intent of these guidelines is to enable the University to collect, archive, and use at a later date digital copies of Record Drawings for any construction project. These projects include (but are not limited to) new construction, renovations, additions, utility work, and interiors work. Arizona State University considers it very important to maintain accurate records of new work for several reasons:

- Accurate information (e.g. underground utilities and tunnels) for future projects.
- Accurate base drawings for future projects, enabling consultants to modify existing drawings instead of creating new drawings from field measurements.
- Accurate data for campus map information system and GIS mapping.

The DP is responsible for verifying the accuracy of all drawings. The digital copies will match the hard copies. Appropriate notation should be attached (Record Drawings) or detached (official stamps) from each drawing. There should be an overall consistency in the format of the Record Drawings as further described below.

FORMAT:

Drawings: All drawings shall be submitted in an AutoCAD .DWG format.

Graphics: Preferred formats for graphics (photos, sketches, renderings, etc.) to be .jpg and .pdf.

Paper: 2 (two) full size paper sets of plans.

CONTENT OF RECORD DRAWINGS DIGITAL SUBMISSION:

In addition to the 2 (two) full size hard copies of the entire updated “Record Drawings” set, a digital copy of each sheet in the set, and a list of each sheet by page number with the contents of the sheet and the name of any images that are attached shall be provided.

RECORD DRAWINGS LABEL:

- Revision dates should be updated for each submission in the title block (with the last date being the date of the Record Drawings submission).
- “RECORD DRAWINGS” should be clearly seen in bold letters along the bottom of the sheet or near the title block on the right side of the sheet.

DIGITAL RECORD DRAWINGS:

- The electronic copies of the Record Drawings should be usable in AutoCAD 2010. The drawings themselves don’t need to be drawn in this release, but should be compiled in AutoCAD 2000 or newer. Usable is defined as being able to easily identify the file needed, open it, select the appropriate layout tab (representing one sheet from the hardcopy set), and send it to the plotter without have to assign proxy graphics, reconnect (and find) External References (referred to as xrefs from here forward) and raster images, or find a missing .ctb or .stb (plot style tables) file.
- Each sheet should be set up on a layout tab of its own in paper space. Each layout tab should be renamed with the sheet number represented on it. Any unused layout tabs should be deleted.

- All xrefs files must be included. Any xrefs no longer needed in a drawing should be “detached” and not just “unloaded”.
- In order to prevent missing raster images, before burning the digital files to a compact disc, place all raster images in the same folder as the file into which they are referenced.
- When the disc is opened, files should be available either in the root folder or in the first folder. In other words, one shouldn’t have to open 2 or more folders to find a file.
- The file with pen weights (.ctb or .stb file) should be included on the disc along with any other non-standard font or shape files.

All files should be burned to discs. In addition to the disc(s), a binder(s) should contain an index as described below and an 8 ½ X 11” set of the record drawings.

INDEX OF SHEETS IN RECORD DRAWINGS SET:

Included in the binder should be an index created in Excel or Word listing .DWG files, the sheet numbers that each file contains (if more than one), the contents of each sheet, and a list of all raster images and OLE (object linking and embedding) images inserted into a drawing. Since many images may be used in several drawings, the consultant may provide a coding system listing all images with a corresponding letter or numerical code.

For Example:

<u>Sheet numbers</u>	<u>Contents of sheet</u>	<u>Image References</u>
A9.01	Enlarged floor plan, first floor	
A9.02	Enlarged floor plan, second floor	
A9.03	Enlarged floor plan, third floor	
A9.04	Enlarged floor plan, fourth floor	
A10.01	Details-Entry	

The binding of the binder and the disc label should contain the following information:

Arizona State University - Building Number, Project Number, and Project name, Firm name and contact information, Discipline (Architectural, Mechanical, Landscape, etc.).
