

ASU LiveSafe mobile app

The free **ASU LiveSafe** mobile app enhances your personal safety across ASU campuses by placing more reporting power in the palm of your hand.

- Send an emergency 911 text or call ASU Police dispatch.
- Send ASU Police real-time, anonymous tips that include audio, pictures, text and video.
- The app broadcasts ASU Alert and Advisory messages.

Download the free ASU LiveSafe mobile app:

1. Scan the QR code with your smartphone, or visit the App or Google Play stores.
2. Search for and select the blue **LiveSafe, Inc.** shield and download the app to your mobile device.
3. Select **Arizona State University**.
4. Choose your organization based on your location.
Use **ASU AZ – Fac/Stu/Staff** or **ASU DC – Fac/Stu/Staff**.
5. ASU parents and visitors choose **ASU AZ – Visitor** or **ASU DC – Visitor**.
6. Complete your profile.

ASU LiveSafe mobile app

Features and Benefits:

- Access archived ASU crime alerts and bulletins.
- Alert personal emergency contacts in times of distress.
- Choose **GoSafe** to activate **SafeWalk** and text with your friends or family during your trip as they view your progress on a map. Deactivate **SafeWalk** after your trip.
- Enable location services to provide your accurate GPS position.
- Locate ASU intercampus shuttles in real time via the **Shuttle Tracker**.
- Select **GoSafe** to access **SafeRide** and request ASU Safety Escort Services. Enable the map feature to find pick-up and drop-off locations nearest you.
- Tap **Report Tips** to use **Motorist Assist** if you locked your keys in your car or your battery is dead.
